

Electrical Load Sizing Worksheet

Sun Volt Solar
www.sun-volt.com
(845) 626-2627

**Use this sheet to calculate electrical load
for an off grid location**

Individual loads	qty X	Volts X	Amps =	Watts AC	Watts DC X	Hrs per day X	Days per week	/ 7 days =	AC watt hours	DC watt hours
								Totals		

Total connected AC watts _____ AC average load per day _____

Total connected DC watts _____ DC average load per day _____
